

Undergraduate Advising Council

Meeting Minutes: February 13, 2012

Attendees: Deborah Mayhew, Erica Byrnes, Kari Ward, Glenn Kepic, John Denny, D. Rhodes, Wayne Griffin, Amy Alexander, Sallie Schattner, Ron Wright, Robin Rossie, Maureen Cox, Nicole Young, Andrew Wehle, Miranda Morris, Sarah Eberhard, Dawn Shores, Roxanne Barnett, Henry Anderson, Kevin Austin, Tim Young, Rick Bryant

DISCUSSION

Annual Advisors Workshop Summary

106 attendees, evaluations were very positive.

Santa Fe College advisors participated and had a good time

High School AA Discussion

What do we want to communicate on the HSAAadvising website?

Colleges treat the J's differently - some admit based on traditional J policies, some treat like frosh, some have unique criteria.

Should we create a page that lists each college separately? Or just a simple summary and link to the catalog?

Kari is working on the website, will return to present proposal to UAC

Electronic Advising

Dr. Mair charged us with developing strategies for effective electronic advising.

Working group formed: Kari, Maureen, Ken, Kim

Brief discussion about potential use of Skype and FERPA regulations. Ken's IT folks said no Skype! Is this UF policy? Need to check with Susan Blair's office.

Student Records System

Dr. Elias and Dr. Evans will attend the March 19 UAC meeting. Rick briefly discussed programming challenges with NERDC. USF uses banner BG uses PeopleSoft Keith uses GradesFirst for tutoring EB schedule phone conference to discuss functionality (ranked list)

Committees

We need to have elections this term. UAC chair and all committee chairs are due.

Also re-evaluate committee structure (do we need same committees?) Elections will be in April Meeting dates: March 19, April 16

Updates

Roxanne: UT analysis is available for review and signoff. In desperate need of catalog updates for 2013. , IA Preview students will be encouraged to register for up to 6 courses (we expect they will be online), won't count against excess hours, non-degree seeking, not sure if they will be academic courses, not sure if they will become official students, \$40 per credit? Still under discussion.
