This request describes four (or three) courses that are to be taken over the last four semesters with all zero credit except for the last one, worth one credit. The requirements vary with each course so the request should be broken up into several courses, one per semester, with the expectations tied to the specific semester course. The first two courses should be level 3 and the last two level 4. This will clarify the requirements per course, which is currently unclear in this request. These requests must be made using the latest UCC 1 form instead of the outdated one used for this request. The effective term should Fall 2015 and the syllabus needs to include information regarding the online course evaluations.

Submitting for Enrichment/Skill Building Points
To receive credit for Enrichment and Skill Building activities, students must complete and submit a “Point Request Form” (found on Canvas course page). Students must enter their name, UF ID, activity, contact information of a third party who can verify your participation, any comments (optional), read and verify the honor statement, and submit each completed form to bhs@phhp.ufl.edu; the instructor will not accept hand delivered forms. Please Note: Each activity must be submitted as a separate form but multiple forms may be submitted within the same email. Point Request Forms must be submitted no later than the last day of class during the semester in which the student completed the activity. Point Request Forms are not required for Mandatory Requirements.

Petitioning for Enrichment/Skill Building Points
Students may petition for other activities to count toward Enrichment and Skill Building points by completing a “Point Petition Form” found on the Canvas course page. Like Point Request Forms, Point Petition Forms must be submitted no later than the last day of class during the semester in which the student completed the activity. Students must submit each form to bhs@phhp.ufl.edu; the instructor will not accept hand delivered forms. Please Note: Submitting a Point Petition Form does not guarantee the instructor will approve the activity.

Activity Review
Each semester the BHS Director will meet with students from the BHS undergraduate student organizations (PHHP College Council, Health Science Student Organization, and LEAP Mentorship Program) to discuss the list of Enrichment and Skill Building activities. Students input will be strongly considered regarding activities to be added in future semesters, points per activity, Mandatory Requirements, course delivery, etc.

Grading
This course is 0 credits and therefore students will not receive a grade. To matriculate to the next course, students must complete all required assignments. Failure to complete any of the requirements will result in an unsatisfactory (“U”) or incomplete (“I”) grade.
