COP3502 Programming Fundamentals I

1. Catalog Description (3 credits)

The 1st course of a 2 semester introductory sequence for students planning further study in Computer Science, Digital Arts and Sciences, or Computer Engineering. Concepts of computer science & the process of computer programming, including object-oriented programming, procedural & data abstraction, & program modularity.

2. Pre-requisites and Co-requisites

Pre-requisites: MAC 2311 Analytic Geometry and Calculus 1

3. Course Objectives

At the end of the semester, students are expected to be able to

- Understand what programming is and the unique feature of Java
- Read: Understand programs written in JAVA language
- Write: Design and implement programs using JAVA language
- Compile: Use compiler to convert JAVA code into executable file
- Execute: Run corresponding code to get results
- Debug: Identify and fix syntax and semantic errors in JAVA code.

4. Relationship of course to program outcomes:

e) an ability to identify, formulate, and solve hardware and software computer engineering problems, accounting for the interaction between hardware and software;

5. Instructor – Rong Zhang

Java tutorial: <http://download.oracle.com/javase/tutorial/>

13. Course Outline

- Objects and classes – 2 weeks
- Primitive types and class types – 1 week
- Methods (procedures, functions, constructors) – 2 weeks
- Basic statements: assignment, if-statements, loops, blocks, method calls – 2 weeks
- Arrays – 2 weeks

- Simple I/O —reading and writing files – 2 weeks
- Program development and object-oriented design – 3 weeks
- Programming style considerations – 1 week

14. Attendance and Make-up Policy

Requirements for class attendance and make-up exams, assignments, and other work are consistent with university policies that can be found at <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

15. Grading – methods of evaluation

Final grade is calculated according to the following schedule;

Home works / Projects 45%

Labs (in discussion sessions; drop two lowest) 5%

Exams 50%

NOTE: All regrade requests must be made to the TA within one week of the day the homework or exam are returned.

16. Grading Scale

The grading system will be as follows:

Letter Grade	Minimum % required
A	95
A-	90
B+	87
B	83
B-	80
C+	77
C	73
C-	70
D+	67
D	63
D-	60

Grades may be curved.

A C- will not be a qualifying grade for critical tracking courses. In order to graduate, students must have an overall GPA and an upper-division GPA of 2.0 or better (C or better). Note: a C- average is equivalent to a GPA of 1.67, and therefore, it does not satisfy this graduation requirement. For more information on grades and grading policies, please visit:

<https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

17. Honesty Policy

All students admitted to the University of Florida have signed a statement of academic honesty committing themselves to be honest in all academic work and understanding that failure to comply with this commitment will result in disciplinary action. This statement is a reminder to uphold your obligation as a UF student and to be honest in all work submitted and exams taken in this course and all others.

18. Accommodation for Students with Disabilities –

Students Requesting classroom accommodation must first register with the Dean of Students Office. That office will provide the student with documentation that he/she must provide to the course instructor when requesting accommodation.

19. UF Counseling Services

Resources are available on-campus for students having personal problems or lacking clear career and academic goals. The resources include:

- UF Counseling & Wellness Center, 3190 Radio Rd, 392-1575, psychological and psychiatric services.
- Career Resource Center, Reitz Union, 392-1601, career and job search services.

20. Software Use

All faculty, staff and student of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.
