- 1. Approval of minutes of January 19, 2010 meeting.**
The minutes were approved.
- 2. Update from Faculty Senate.**
No updates presented.
- 3. Proposal to consolidate the Departments of Operative Dentistry and Prosthodontics and create a new department of Restorative Dental Sciences in the College of Dentistry, effective July 1, 2010.** Dr Primosch reviewed this change, which combines two academic departments into one. The change was approved.
- 4. Request for Change to Mass Communication Minor, effective Summer B, 2010.** Dr Hon outlined the change, which will allow study abroad courses to substitute for required courses. This change was approved.
- 5. Request change to Bachelor in Materials Science and Engineering, effective Summer B, 2010.** Dr Law and Martha McDonald explained this change will provide more flexibility in allowing EMA 3061 to substitute for CHM 2200 as a prerequisite. This change was approved, and UCC2 forms will be submitted to update course prerequisites where necessary.
- 6. Proposed changes to Athletic Training SLOs, effective Summer B 2010.** Dr McCormack Brown explained that this change is accounting for newly approved courses. The changes to the SLOs were approved.
- 7. Proposed changes to Recreation, Parks & Tourism ALCs and SLOs, effective Summer B 2010.** Dr McCormack Brown reviewed these proposed changes, but the committee returned them for further review as they incorporate grades which is not an authorized practice unless there is a ruberic.

- 8. Proposed changes to Sport Management ALCs and SLOs, effective Summer B 2010.** Dr McCormack Brown reviewed these proposed changes, but the committee returned them for further review as they incorporate grades which is not an authorized practice unless there is a rubric.
- 9. Proposed changes to Interior Design degree program, effective Summer B 2010.** Dr Carr presented the requested changes, which were approved pending the submission of UCC2 forms to update the affected courses.
- 10. Proposed changes to Sustainability and the Built Environment degree program, effective Summer B 2010.** Dr Carr explained this proposal adjusts the minimum acceptable grade for ECO 2013 and ECO 2023 from a “C+” to a “C”. This proposal was approved.
- 11. Proposed new Bachelor of Science in Biomedical Engineering degree program, effective Fall 2010.** Dr Wheeler reviewed the department’s proposal for this new program. The proposal was tabled so that articulation issues can be reviewed with the Provost’s Office. It will be returned to the committee for consideration as soon as an acceptable resolution can be reached.
- 12. Proposed changes to placement testing for mathematics courses, effective Summer 2010.** Dr Smith explained that the department wishes to begin using a national standardized placement test for their MAC 2311 and MAC 2233 courses, in place of the locally written instrument that is currently used. The change was approved, with the verbiage to read “minimal acceptable score on the Mathematics Placement Exam (ALEKS)”.
