|---|

Bernard Mair convened the UCC at 1:32 p.m. in 226 Tigert Hall.

**Members Present:** Bernard Mair, Cory Armstrong, Kelli McCormack Brown, Peggy Carr, Stephanie Hanson, Cynthia Hass, Selman Hershfield, David Julian, Edmund Kellerman, Mirka Koro-Lungberg, Mark Law, Wayne McCormack, Karen Miles, Robert Primosch, Steve Pritz, Brian Ray, Jennifer Rea, Mark Rush, David Sammons, Elaine Turner

**Guests:** Roxanne Barnett, Linda Hon, Amanda House, Ted Spiker, Trysh Travis, Brigitte Weltman-Aron

- 1. Approval of minutes of April 20, 2010 meeting.**  
The minutes were approved.
- 2. Update from Faculty Senate.**  
The departmental merger in the College of Dentistry approved previously by the UCC has been approved by the Faculty Senate as well as the College of Medicine/College of Public Health and Health Professions reorganization.
- 3. Proposed changes to the requirements for the BSBA General Business Major (online), effective Summer B 2010.**  
The requested revision was approved.
- 4. Proposed addition of Media and Society concentration in the Department of Telecommunication, effective Fall 2010.**  
This request was withdrawn by the college.
- 5. Proposed revision to Women's Studies major, effective Fall 2010.**  
Trysh Travis presented this revision to the major. The description was already changed in the catalog and it was clarified by Dr Mair that no catalog changes should be made without the approval of the UCC. Dr Turner suggested that the committee revisits the catalog change deadline in next year's meetings. The changes to the major were approved.
- 6. Proposed changes to the Real Estate Minor, effective Fall 2010.**  
This request was withdrawn by the college.
- 7. Proposed changes to the Finance major, effective Fall, 2010.**  
Brian Ray explained these changes keep the Finance major in line with peer institution majors and asked that they be approved to go into the 2010-2011 catalog. The proposal was approved.
- 8. Proposed changes to BSBA major requirements, effective Fall 2010.**  
This request was withdrawn by the college.

- 9. Proposed changes to BABA specialization requirements, effective Fall 2010.**  
This request was withdrawn by the college.

**10. Proposed name change for department of Languages and Literatures section French to French and Francophone Studies, effective Fall 2010.**

Brigette Welman-Aron explained this change would better reflect the content of the major and minors. The committee approved the change for the undergraduate major and minor, however the graduate degree name change must go through the Graduate School Curriculum Committee. The change must also be approved by the Faculty Senate, so the effective date will not be Fall 2010.

**11. Proposed calendar change request.**

Bernard Mair explained a taskforce had been created to discuss possible revisions to the Thanksgiving holiday. The taskforce recommended extending the holiday to include the Wednesday prior to Thanksgiving. This would decrease the instructional days in the Fall by one, however UF would still meet or exceed the instructional days of other Florida institutions. Elaine Turner raised the concern that this further increases the difference in instructional days between the Fall and Spring semesters. Stephanie Hanson raised the concern that this makes it more difficult for the PPHP professional programs to get the required clinical experience and content delivery and asked if there would be flexibility for the program to meet on Saturdays. Steve Pritz explained the university officially recognizes Saturdays as a half day of instructional time, so colleges have the option to offer Saturday courses. The changes were approved effective with the 2012-2013 academic calendar.
